

LEAVES FOR HOME -- Edo Camp (second from right) who has spent the past year with the Edwin Yunker family, Mokena, while attending Lincoln-Way high school as a foreign exchange student, left Tuesday (June 27) on his return trip to Milan, Italy. With other

exchange students he will spend a couple of weeks or so sightseeing in American cities, including the national capital, before sailing for Europe. Mr. and Mrs. Yunker are at the left and at the right is their son, Lee.

Hot Dogs, Hamburgers Make Big Hit With Edo

"Hot dogs, hamburgers and barbecues are the greatest American foods," Edo Camp, foreign exchange student at Lincoln-Way high school from Italy, confided as he prepared to leave on a short tour of the eastern United States and then back home to Italy.

He explained that the foods here in America are quite similar to those of his homeland, but Italy didn't have the hot dogs, hamburgers, etc.

Edo left Chicago on Tuesday, June 27 on his eastern tour and will board the ship for Italy in New York on July 30.

Chicago was quite a disappointment to Edo. He expected to find it shiny and large. In fact, he thought that every building in Chicago would be like the Prudential Building. The oldness of the buildings was the most startling fact.

He thought that it was wonderful to live on a farm and stated that he loved living with the Yunkers. Edo spent most of his life in the city of Milan.

One habit of American eating which caused Edo to exclaim, "That is terrible," is butter on bread. "We never have butter on bread in Italy. We eat it dry," he explained.

"Physics and chemistry are difficult at Lincoln-Way. I guess, they are much more advanced than what we would study at this level in Italy. You are very good in this area," Edo praised. However, "I think that you have missed badly in the emphasis on the arts--such as, English and other courses," Campi concluded on that subject.

He was quite impressed with the interest in athletics on the high school level in the U. S. In Italy little time and money is spent in such activity. He was much in favor of the sports activities.

The greatest problem for the American is: "They care too much what people think about them. They are so busy at

this that they never get a chance to really live," according to Edo. He certainly has a point.

Another item that impressed him was our informal dress for high school. He appreciated being able to attend school in sport shirt and slacks instead of the coat and tie which is typical garb for the student in Italy and much of Europe.

"America is a great place. I enjoy the freedom here, but you do not take advantage of it," Edo concluded the interview.

He had stated earlier that he will come back to America if the opportunity ever comes again. In fact, he will be trying to make that opportunity.

His father is a clerk to the president of a large hydro-electric turbine manufacturer in Milan, Italy. Edo will go back home to his native Italy and a reunion with parents and little brother, Edo, Jr., 10 years of age.

Vandals Tear Down Fences In Frankfort Twp.

Robert Meers, of Frankfort township, called the Will county sheriff's office Saturday to report extensive damage to his property over the past two weeks.

Meers said on June 15, vandals cut wires on his fence along St. Francis Road. He said the following night, five posts were pulled out. Meers said a half mile of fence was torn down on the Hossbach farm near Frankfort.

He signed a warrant for the arrest of a Matteson youth who was traced thru the license number on his car.

SUSPENS LICENSE

Secretary of State Charles F. Carpenter has announced the suspension of the driver's license of Rudolph P. Guzik, 240 Center road, Frankfort for three offenses.

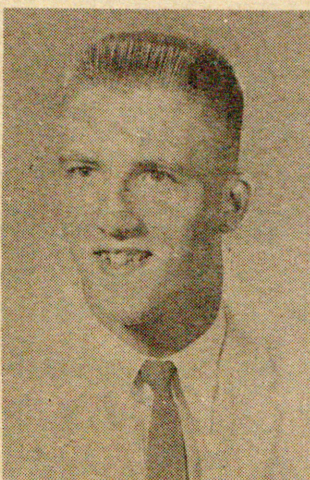

Pick Mokena Youth For Prep Star Baseball Game

Duane Erickson, 18, of Mokena, and graduate this June of Carl Sandburg high school, is one of 20 youths selected by the Chicago American as a member of the suburban baseball squad that will do battle against a squad of stars picked to represent the high schools of Chicago this afternoon (June 29) at Wrigley Field. The contest will follow the game between the Cubs and Cincinnati.

The two squads have been working every day this week at Comiskey park, Bill Prince, a scout for the Cubs is coaching the suburban squad while Les Moss, a White Sox scout, is performing in a similar role for the city team.

Bill Russell, of Park Forest, and Bill Malowski, of Lockport, were the other two boys from the area to make the suburban squad.

Erickson, who was a letterman in all major sports at Sandburg, is playing American Legion ball this summer with the Orland Park post team, pitching and as a third baseman. He played third base with Sandburg this season and has been working out at that position for the suburban squad. He can play any place in the infield and is better than a fair hand

DUANE ERICKSON

with a bat. During the high school season this year Duane was hitting .333.

He has an athletic scholarship at the University of New Mexico and will enter there in the fall.

There have been a number of interested spectators at the practice session of the suburban and city squads this week--apparently scouts from the majors. To be able to watch 40 of the top prep ballplayers working out is a nice deal for the scouts and a good one for the boys too since there aren't so many that they can't be seen.

G. E. KUEHN

Hire Two For L W Faculty

Two new teachers, both men have been hired by the Lincoln-Way high school board.

One is George W. Kuehn, 29, a graduate of Normal university. He will teach in the industrial arts department. The other is Charles H. Baird, 23, Eastern Illinois university. He will teach in the business department.

Mr. Kuehn was graduated from J. Sterling Morton high school in 1950 and obtained a degree at Normal U. in 1959. He then resumed his studies there for his master's degree, which he obtained this June. He is married.

Mr. Baird is a graduate of Monticello (Ill.) high school. He finished there in 1956 and went on to Eastern Illinois where he was graduated in 1960 and completed his studies there this June for his master's degree. He is unmarried.

Tournament At Frankfort

Members of the softball team of the American Legion post of Frankfort will sponsor a tournament of the Wilco softball league, of which they are members, to be played on the evenings of July 2, 3 and 4 at the Frankfort community park ball diamond beginning at 8:30 p.m.

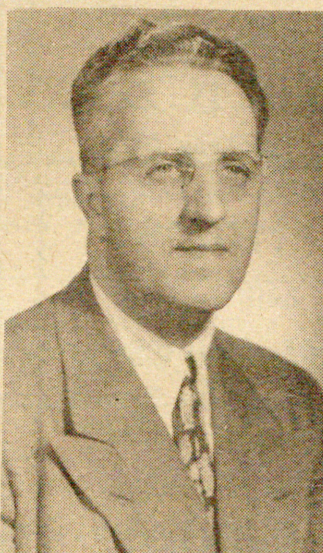

Teams to compete will be from Monee, Matteson, Downers Grove and the host team.

Teague Resigns School Post, Moving To Missouri

Lyman F. Teague, secretary of the Mokena grade school board for the past seven years, submitted his resignation, effective June 30 at a meeting of the board last Tuesday night at the Carpenter street school.

Teague is being transferred to the Kansas City, Mo., office of his company, the Commercial Union North British Insurance group, where he will serve as resident auditor.

He and his family came to Mokena 13 years ago from Chicago. Mrs. Teague has assisted in the school office as a part-time office help. Discussion of her replacement was held at the school board meeting.

LYMAN F. TEAGUE

pointed treasurer for the coming year. Routine business was disposed of and routine bills were approved for payment. A special meeting will be held to appoint a new secretary to replace Mr. Teague.

Frankfort Tax Collector To Distribute \$306,606

Property owners in Frankfort township paid \$306,606.53 in real and personal taxes, according to the records of Burnett Schram, Frankfort, who serves the township as tax collector.

The town collectors officiate until June 1. After that the county treasurer takes over the job and penalties are in force on delinquent accounts. June 1 is the deadline for the payment

of personal property taxes and for the first installment on real estate taxes.

The second installment on real estate taxes is due by Sept. 1. After that, a little later in the fall, tax sales are conducted.

The big bite of the tax revenues, of course, goes to the schools. In Frankfort township the records show that approximately 76% of the tax money

collected by Mr. Schram is for school purposes.

He reports that the schools share to be \$235,900.21. This was divided as follows: Lincoln-Way, \$134,399.40; Mokena grades, Dist. 159, \$41,070.14; Frankfort grade, Dist. 157-C, \$33,345.20; Summit Hill, Dist. 161, \$11,285.32; Ann Rutledge, Dist. 56-C, \$10,507.43 and Wietendorf, Dist. 154, \$5,292.72. The village of Frankfort re-

ceives \$17,249.50 plus \$2,229.22 as its share of the road and bridge money collected by the township. The share for the village of Mokena is less \$7,011.64 and \$1,453.36, the last figure being the village's share of the road and bridge money.

The Frankfort fire district get \$2,782.39 and the Mokena park district, \$2,409.18.

There was no levy for poor relief by the township. The

road and bridge money allotted to the township, however, is \$14,709.42 and \$4,419.94 goes to the township for general purposes.

The county's share of the taxes collected in Frankfort township thru May 31, is \$17,910.36; the forest preserved district gets \$491.97.

The record also shows that the dog tax collected in the unincorporated areas was \$34.

Marley Picnic Highlights Area Celebrations Of Fourth

Highlighting observance of the Fourth of July in this area will be the 79th annual picnic sponsored by the Brotherhood of Marley church.

The affair, one of the few of its kind in this day and age, is a carry-over from the 19th century.

Once the Fourth of July was community celebration held in the form of a picnic that was attended by practically everyone who could walk, ride or drive to the grounds. There were foot races, games, bursts of cannon cracker explosions, oratory, and at the more elaborate affairs, a band concert.

Marley does not have the fire crackers, of course, and there is no band concert, but there is a picnic under the trees at Haley Park next to the church and there is always a Fourth of July speaker.

The speaker this year will be Capt. George Rumbley, chap-

lain of the Nike base at Orland Park.

Races and games are planned for the children and everyone who wishes to attend will be welcome. It was emphasized by those in charge.

Picnic lunches will be sold at noon and there also will be a refreshment stand in operation.

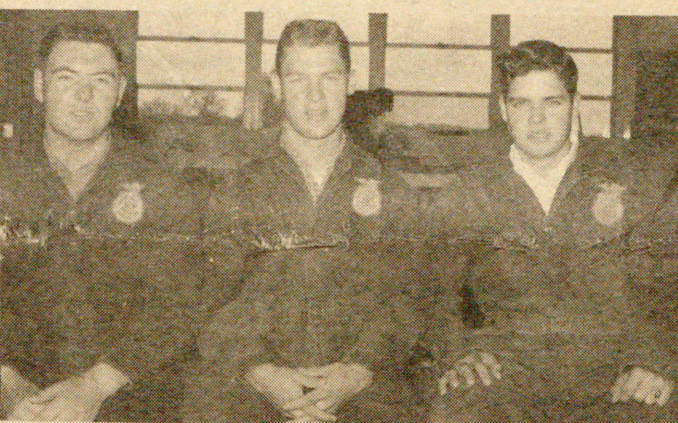

Two ballgames are scheduled, one beginning at 10 o'clock in the morning and the other will follow the program in the afternoon.

For those who like fireworks there will be two displays in the area that evening.

The American Legion post at Orland Park is to have a display of fireworks to which the public is welcome. The site will be at the Legion home east of U. S. 45 on 143rd street. Justice of the Peace Roy Benson is chairman of the event. Refreshments will be available at the post's clubrooms.

The other display will be held at Mokena under the auspices of the Mokena Chamber of Commerce. The affair will be held in Mokena Community park. Those in charge invite the public to attend.

Both programs will start when it begins to get dark.

LW Sends 7 FFA Members To State Meet

Seven Lincoln-Way FFA members attended the State FFA Convention held in Springfield, Illinois.

Dale Meyer and Ronald Heisner were official delegates and William Brookman was alternate representing Lincoln-Way chapter. This year represented several firsts for Lincoln-Way chapter at the state convention. This was the first year Lincoln-Way chapter qualified three members for the State Farmer degree--two more than our share. Three young men, Bob Manke, Jack Grez and Wayne Lauffer received this honor.

On the final evening of the convention a program in honor of the State Farmer Degree winners and their parents was presented. The parents and families of all three members journeyed to Springfield to attend this program.

This was the first year that any of Lincoln-Way chapter won state dairy production awards. This year two members, Wayne Christiansen and Ron Heisner were presented Official FFA Jackets as State Dairy Production award winners.

Another first -- Ron Heisner won his way up to the state and participated at the Convention in the State FFA public speaking contest.

Wayne Lauffer and his agriculture teacher Robert Van Rhee were honored at a barbecued chicken banquet by the Illinois feed association for having the Section 8 winner in the home poultry projects division. This was also a part of the State FFA Convention.

For the second consecutive year, Lincoln-Way chapter was presented a plaque for superior rating chapter. That is the highest state rating for FFA chapters.

In addition to the above mentioned members, Dennis Heim, a first-year FFA member accompanied the group. They spent a good part of four days at Springfield. Besides the convention, they visited the state legislature in session and many other points of interest.

MOKENA LIONS

The July meeting of the Mokena Lions club is to be held next Thursday evening, (July 6) at Ritt's restaurant, U. S. 30 and 45, Frankfort. Dinner is scheduled at 7 o'clock. The speaker is to be a member of the American Dental Association but is yet unidentified.

On Vacation

Due to vacation schedules columns giving news from various villages will not appear in the next two issues. They will be resumed in the July 20 issue.

MISS SUSAN MAZUREK (left) AND MISS PATRICIA BELL both of Mokena and sophomores at Lincoln-Way high school attended the Girls Athletic Association camp at Conference Point, Lake Geneva, Wisc. from June 11 thru 19. They were among 200 girls from Illinois who were chosen for this event. The girls took part in a dozen different sports, including swimming, boating, a four mile hike to Fontana, boat trip around Lake Geneva, a stunt night, song night and a campfire and candlefloat night.

Sue and Pat, who both hold offices in Lincoln-Way GAA club, will present new ideas and activities to promote an interest in the club for incoming students as well as those already attending school.

Child, 9, Suffers Injury When Knocked Off Pony

A 9-year old Tinley Park girl is in Christ Community hospital, Oak Lawn, as a result of injuries suffered Wednesday night at a "pony ride," Wolf rd. and U.S. 30, when her mount bolted into the stable.

The child's head struck the top of the door frame and the impact bent her backward, almost to the pony's back. She straightened up as the animal plunged into the barn only to have her head strike a beam.

The blow knocked her to the floor and the now frightened pony trampled on her chest before step-father rushed in and pinned it against a wall while the man in charge of the pony ride, Alvin Butler, pulled the child to safety.

The girl is Karlette Lehmann, daughter of Mrs. Harry Marzloff, of 6712 W. 174th Place, Tinley Park. She and her younger brother and Mr. and Mrs. Marzloff had been at Kiddyland and shortly after 7 o'clock the youngsters wanted to go to the pony ride establishment across Wolf road. The property is said to be owned by Dr. John Belluci, of Chicago.

Butler was leading Karlette's mount about the corral, Marzloff reported, and when he let go of the bridle the pony went down to a fence, behind which other ponies were grazing. Butler recovered the pony and was leading it along when he let go of the bridle again, Marzloff stated. That time the pony bolted

and ran into the stable.

Mr. Marzloff stopped at the office of Dr. M. J. Buckley at Frankfort for first aid for the child and then took her to Oak Lawn as the family physician is from Chicago.

The youngster has a fracture of the right elbow, cuts and abrasions, and chest and head injuries.

Blow Siren On Meeting Nights

Instead of using a gavel or bell to call a meeting to order the village siren will be blown once at the beginning of the weekly night (Wednesday) and training nights of the Mokena volunteer firemen.

At the regular meeting last Wednesday night 21 members were present. Andy Zink, who served on the board of directors, announced his resignation due to his moving out of the village. The vacancy has been filled by Fred Clark.

Several firemen volunteered their time and services during the recent Amvets carnival. During the month of April the fire department answered two CD alert calls; inhalator call; car fire; house hit by lightning; rubbish fire and assisted in moving an accident victim to a hospital.

Returns on the receipts from the annual pinocle tournament and dance were reported incomplete.

FLY-UP CEREMONY takes place at Mokena Community park. This is the ceremony in which those who have been Brownies become Girl Scouts. The youngsters shown here are members of Troop 76 and left to right, they are: Maureen Murdoch, JoAnne Caracci, Susan Wieler, Anna Mae Larson, Suellen Pels, Frances Schwarz, Kathleen Consolo and Rosanna Soja. The leader, Mrs. W. J. Puro is standing back of the girls.

Firemen Aux. To Sponsor Card, Bunco Party

MRS. SHERMAN KNOX
Tel. FI 9-0211

The auxiliary to the volunteer firemen will sponsor a card and bunco party, Wednesday, July 19 at 8:00 p.m. in the fire hall. Mrs. Kenneth Apel is chairman of the affair. Refreshments will be served following the playing of games.

At the May meeting the following officers were elected for the coming year: Mesdames, Lucille Granat, president; Mary Ballou, vice-president; Mary O'Connor, treasurer and Louise Frank, secretary. Following the election Mrs. Hilda Nitsche, retiring president, installed the officers.

Mrs. Lorraine Wagner of Mattson, retiring eighth district director, will be the guest of honor at the Unit #526 American Legion auxiliary meeting on Friday evening, July 14 at 8 o'clock in the legion hall.

Mrs. Hilda Nitsche and Mrs. Priscilla Braasch will attend the department convention as delegates and Mrs. Dorothy Thomas as alternate delegate at the Morrison hotel in Chicago on July 26 thru 29.

Mrs. and Mrs. Gust Zerbs and daughters attended the wedding of the latter's niece Miss Joan Michalak and Robert Samay at Michalak and Robert Samay at Columbia Station, Cleveland, Ohio Saturday afternoon. The ceremony was performed in St. Mary's of the Falls church with the Rev. Walsh officiating. Lat-

er a reception was held in the home of the bride's parents.

Mrs. John Loebe and daughter Mrs. T. Thomas of Battle Creek, Mich., left via plane for Edmonton, Alberta, Canada to attend the 60th wedding anniversary of her brother, Mr. and Mrs. Stewart Martin. A reception was held in the home of their daughter Mrs. Fowler last Sunday.

The Herbert Rirchey family who resided at 14328 Jefferson street have recently moved to Galax, Va.

Mrs. Herman Uthe visited with her son Alvin and family of Chicago the past week. While in the city she called on Mrs. Pauline Johnson, cousin of her late husband, and who formerly lived in Orland Park and Tinley Park.

Judy Mulligan Feted At Personal Shower

MRS. KATHARINE HEISNER
Tel. Frankfort 5187

Saturday evening a miscellaneous and personal shower was given in honor of Miss Judy Mulligan in the Lester Keisner home. Hostesses were Miss Nancy Heisner and Miss Jeanette Sievert. The guest of honor was presented with a corsage of carnations.

Novel games were played and prizes, with duplicate prizes to the guest of honor, were awarded. The gifts were opened by the bride-elect who was seated in a chair decorated in orchid and white, her chosen colors.

Refreshments were served to 25 relatives and friends from a table covered with a white linen cloth, centered with a decorated cake. Blue and white streamers went from the light to the table. White candelabra were used on each end.

Miss Mulligan, daughter of Mrs. Faye Eis and the late William Mulligan, will become the bride of Charles Mark, Jr., son of Mr. and Mrs. Charles Mark, Sr., on July 1 at 7 o'clock at the Frankfort Methodist church. The Rev. James Parker will officiate. Invitations have been issued but all relatives and friends are invited to attend the wedding and reception.

The reception will be held in the church basement immediately following the ceremony.

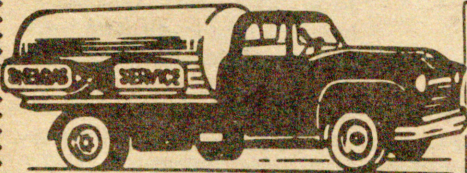

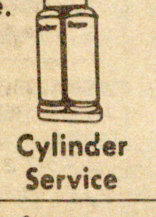

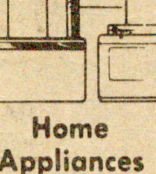

Mrs. Augusta Wischover, who was 90 years old in January, fell in her home last week and fractured her right arm. She also received a laceration over her eye requiring seven stitches.

The kindergarten organization held its regular monthly meeting on June 20 in the home of Mrs. Thomas Tanis of 9419 West Elm Avenue.

At the next monthly meeting to be held Tuesday, July 18, an election will be held to fill the vacancy of the office of corresponding secretary which is now held by Mrs. Austin Brant. Austin Brant, her husband, is being transferred back to Cleveland, Ohio.

It is important that all members attend this meeting, and we also invite anyone, who is interested in seeing a kindergarten established in Arbury Hills, to attend. The meeting will be held in the home of Mrs. Austin Brant of 9436 West Willow Lane at 8:00 p.m.

The Civic Association has chosen two men to act as deputy sheriffs for Arbury Hills. They will be sworn in as deputy sheriffs by the Will County Sheriff as soon as possible.

Those chosen are Anthony Surma of 9524 West Willow Lane, Mokena 5451 and Harold Fitch of 19503 South Beechnut Drive.

The Civic Association has set the date for their family bowling party for Sunday, July 9, at 3:00 p.m. in the tinley park Bowling Alleys.

Since it is necessary to notify the alleys as to the approximate number of bowlers who will be attending the event, the association would appreciate being notified in advance of the number of bowlers coming. This can be done by calling Edward Hovi at Mokena 5740 for either further information on this matter, or to notify the association of your intention to attend, and the number of bowlers who will be coming with you.

The bingo club will meet in the home of Mrs. Vernon Crowder at 9448 West Birch Street Thursday July 6, at 8:00 p.m. The baby sitters cooperative will hold its next regular monthly meeting in the home of Mrs. Leonard Guntz of 9431 West Elm Avenue. The meeting will take place Wednesday, July 19, at 8:00 p.m.

All members should attempt to attend this meeting to discuss the establishment of a definite date for the monthly meetings, and to set a rule as to who should notify the secretary about the number of hours used.

There are birthdays galore at the John Hayden household these days at 9436 West Pine Street. The birthdays start with Candy, who had her eleventh birthday on last Friday, June 23 with a simple family celebration.

Last Sunday, June 25 the Haydens had a double birthday with John (Daddy) and Clifford who was just one year old. The whole family went into Chicago to celebrate the double birthday with Clifford's cousin who was also one year old on Sunday.

Kathy Pierce had a birthday on June 22, her fifth with a family group.

Mrs. Mary Sansosti, Mrs. Pierce's sister gave birth to an eight pound girl, whom they named Tina Marie on Kathy's birthday. Tina Marie's sixteen month old brother is staying at the Pierce home while his mother is in the hospital.

Michael Hovi had a children's birthday party for his fourth birthday. The children who came to help him celebrate the event were: Scott Williams, Billy O'Neill, Sherri and Vincent Rasor, Mike and Bobby

Happy Birthday--To Us!

Next Tuesday, July 4, our nation will celebrate its 185th birthday.

Adoption of the Declaration of Independence by the General Congress at Philadelphia, July 4, 1776, served also as the creation of the United States of America.

It cannot be said that world leaders were too much impressed at the time. Looking back on history it was noted that records of the past had carried the rise and fall of various forms of government, including republics, and those experienced in politics were skeptical that such a nation would long endure.

Such doubters were to be found among our people. Fortunately, there were enough people so dedicated to the principles set forth in the Declaration that the war with Britain was fought to definite finish and the new nation became a fact.

In the immediate years that followed the American Revolution there were various periods in which it seemed that the doubters might be right, but we were blessed with leaders whose firmness of will and purpose brought us thru.

We can also be thankful that two great natural barriers protected us in our formative stage... the Atlantic and the Pacific oceans made it practically impossible for any foreign power to wage war against the new republic. And anyone who wanted proof had only to look at the outcome of the American Revolution.

Left to ourselves we worked, grew strong and prospered. In the eyes of the Old World we were a primitive, backward nation and as far as the nations of Europe were concerned, we could remain that way. No one made us large grants or loans and we didn't ask for them.

Our Declaration of Independence was really independent. Thoughts and beliefs that must have been repugnant to leaders in other lands were expressed in that declaration. No doubt, those abroad who did not like us, twisted or distorted our Declaration to suit their own purposes, but our people didn't care. We told the world what we believed and if the world didn't like it, it could do the next best thing. It is an attitude we could adopt today.

We have too many individuals and organizations today in the role of apologists. They go about wringing their hands, fearful that what we say and what we do may be misinterpreted; that other peoples will not like us.

Of course the people of other nations do not like us. We have too much. And what we say and what we do isn't going to change the situation as far as our popularity is concerned. However, what we say and do may earn the respect of other nations. And to have their respect is much better than to have their regard. The ideal, of course, would be to have other nations not only respect us, but be a little afraid, too.

In the meantime we must keep alert, we must keep strong, we must keep determined to abide by the principles laid down at the founding of our government--they have never been improved upon. We are surrounded by nations who are envious, who would rejoice at our downfall and would not be above helping it along.

If we are to remain free and independent, we must never relax our guard.

It is fitting, we believe, on the approach of our nation's 185th birthday to quote from a speech delivered by John Philpot Curran, Irish lawyer, politician and member of the Irish parliament, back in 1790 upon the Right of Election:

"It is the common fate of the indolent to see their rights become a prey to the active. The condition upon which God hath given liberty to man is eternal vigilance; which condition if he break, servitude is at once the consequence of his crime and the punishment of his guilt."

It is also fitting if we keep this advice in mind.

On Second Thought

By GLENN F. LOGAN

"What gives with all these boats one sees flitting about the country?" Frank, the linotype operator wanted to know between bites of a cheese sandwich.

"I like to take week-end trips," he went on, "driving here and there about the countryside. I have a transistor radio, a portable hi-fi player, a portable grill and thermos jug, as well as assorted sport shirts -- some of them quite colorful, the shirts I mean, but I do not have a boat. And to take a week-end drive these days without have a boat hitched to the car makes one feel as if he were only half dressed."

One of the printers observed that the people who owned the boats probably put them in the water somewhere and went riding about on same.

Frank was doubtful that this was the answer.

"There can't be that much water," he objected, "not with all the boats one sees being towed along the highways. And from what I have read this parade of boats is general thru-out the country."

"I understand that you can even see them in the desert and I don't mean mirages."

"I know a fellow," volunteered a pressman, "who is planning to live in Florida when he retires. That will be some years yet so he hasn't done anything yet about buying a home or even a homestead because he may change his mind, he admits, and go to Arizona but he has bought a boat in anticipation of shoving off to spending his declining days in the south."

"I never gave it a thought before, but now that Frank has brought up the subject I must say that I don't know why he bought the such-and-such boat," the pressman continued.

"Come to think of it, all that I ever saw him do with it was to wash it, paint it, varnish the parts that one varnishes, and roll it back in the garage. Oh, he hitches it to his car on weekends and starts off on a trip. Seems to me, though, I heard him say once that he didn't put the boat in water because he didn't want it to get splashed up."

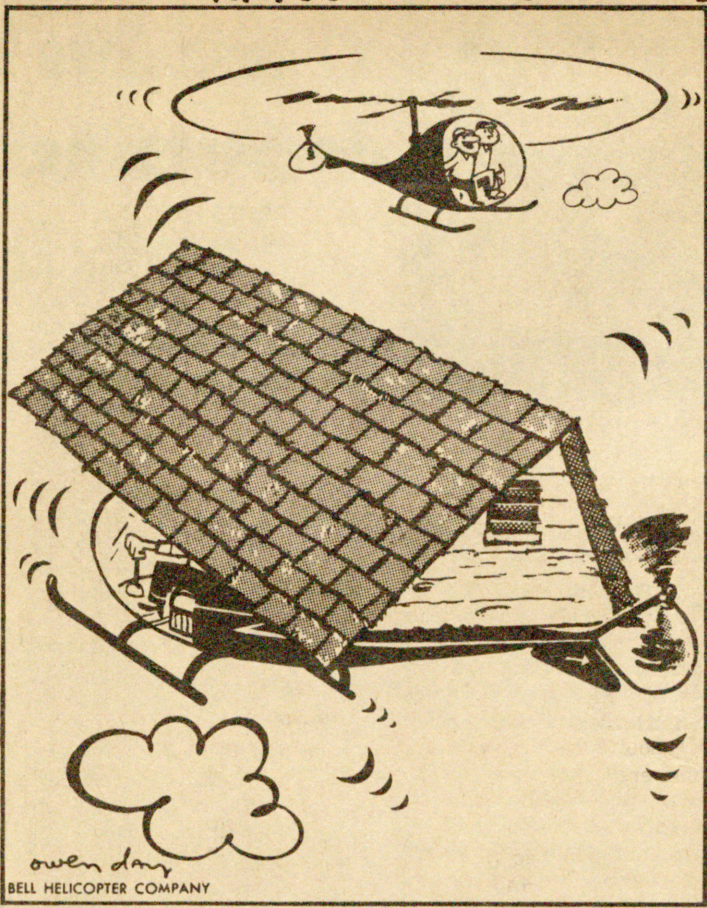

"I can believe that," Frank put in, "because I have noticed that many persons house their boats in their garages and let their cars stand out. I realize that no one wants to leave a boat out in the rain so it will get full of water, anymore than one would voluntarily leave a convertible out in a storm with the top down, but these boats I see under roof are also covered with a tight-fitting tarp that would turn any rain. Maybe I am wrong but it has always been my understanding that boats were intended for use on water."

"As a matter of fact I would think it necessary to dunk a boat occasionally to keep the seams tight but maybe one can do this by repeated washings, plus application of additional water by sprinkling. One then dries the craft with a chamol and it is nice and clean."

"There are exceptions, of course. Sometimes one sees a boat being trundled along a highway that has a used look but it seems to me like its a case of keeping up with the Jones. In the past it has been customary to use an automobile as a status symbol. In the past two years, however, there has been a steady trend toward smaller, lighter cars."

'COPTER CARTOON

by owen day

"Looks like he's flying under a low ceiling today..."

"Some of the top wheels have turned in this direction, so naturally the boys coming up have followed suit. It fits smart to drive a small car they want to be classified in that group. The status symbol is a boat. The size of the craft separates those who have arrived from those coming up, and there seems to be a boat for every financial plateau."

If this be the case your correspondent should find it easy to fill his niche among the boat toting hordes. Once upon a time when he spent his weekends at an inland lake he had the idea of getting a motor boat. Not one of your put-put outboards that dogged about at slow speed. No sir. What your correspondent had in mind was one of those inboard jobs that whooshed thru the water.

Well, one day he had occasion to ride in a government owned inboard up and down the

Illinois waterway in the company of a U.S. army engineer. It was a nice boat, with a hard wood top, windows that cranked up and down, and it travelled at 45 and 50 miles an hour. This was great and your correspondent was quite enthused until we put in at one of the locks to take on ethyl gasoline. Approximately 100 gallons of gas was taken aboard and off we went again. Before the day was over we had taken on some 80 gallons more. That was why yours truly settled for a row boat--with oars.

And if he joins the week-end board parade now one will have to look fast to see his choice of craft--it will be a plastic model that will not take up much room on that shelf-like arrangement above the instrument panel on his car.

I understand you can get those kind of boats at the 10-cent store -- for about a dollar.

Hints For Homeowners

By JAMES FIZZELL ASST. COOK CO. FARM ADVISER

Bag worms are well known pests of evergreens and deciduous ornamental plants. They are capable of completely defoliating these plants, killing evergreens, and seriously damaging deciduous plants.

Bag worms get their name from the curious sacks which they begin to construct as soon as they begin feeding, and in which they live through the summer.

These bags provide protection from the worms while they grow, and serve as an overwintering place for the bagworm eggs.

Although both males and females construct bags, the male leaves the bag in late summer to mate with the females. Each female lays as many as 500 eggs in the bag, and then dies.

In this area, the eggs have just hatched. The newly hatched worms are very small and are feeding on nearby foliage. Since small worms are the easiest to kill, now is the time to spray for them.

Several materials are effective in controlling bag worms.

Lead arsenate, one tablespoon per gallon, Malathion 2 teaspoons-50% concentrate, or Toxaphene 3 teaspoons 60% concentrate per gallon are all quite effective. Malathion should be

Lions Elect International President

Per Ståhl of Eskilstuna, Sweden, was elected International President of Lions International at the Association's 44th Annual Convention in Atlantic City. Lions International, with 620,000 members in 112 countries or regions, is the world's largest service club organization.

Lions International is best known for its many youth programs, community service projects, sight conservation activities and aid to the blind. Last year Lions Clubs around the globe completed more than 200,000 individual community service projects.

used with care, as it is injurious to Canam Junipers.

These sprays are not completely effective unless all the foliage infested with worms is thoroughly covered with spray. More than one spray application may be necessary if rain follows soon after treatment.

Bag worms on small plants can be eliminated by picking off and burning the overwintering bags, before the eggs hatch; picking old bags now is of little value since the worms have already left.

Washington News Letter

By CONG. N. M. MASON
BACK-DOOR SPENDING BY PRESENT ADMINISTRATION: The use of the financing device of "back-door spending" was a major issue that came before the House recently (April 26). It arose in connection with the Area Redevelopment Bill, providing for \$451 million in grants and loans for so-called "depressed areas". It is an entirely new program, alarming in its far-reaching implications.

The usual procedure for the financing of a program is, first, for the congress to authorize the proposal. Having been authorized, the department or agency administering the law then comes before the committee on appropriations for the funds. Frequently that committee grants less money than authorized.

This procedure enables Congress to scrutinize how a program is being carried out. Each year as the appropriation bills are considered, the Committee makes a detailed examination of how funds requested are being spent and determines whether to grant or withhold funds requested for the next fiscal year. Thus the congress can keep a tight grip on the nation's purse strings.

The bureaucrats would like complete freedom in their financing. When the Congress requires them to justify their proposed expenditures for each fiscal year, it presents obstacles to bureaucratic spending ideas. And so, there has developed this back door to the treasury device whereby the committee on appropriations is by-passed. The agency borrows direct from the treasury on the agency's own note. With a revolving fund established the agency can continue its activities entirely free from congressional control.

It is evident that the Kennedy administration plans to sue rather extensively this back door to the treasury spending device. When the area redevelopment program was originally proposed by President Kennedy, he recommended that it be financed by congressional appropriations. When the bill was in conference between the house and senate he changed his mind and supported the "Treasury back-door procedure". Now that the administration has won on this issue, we may expect it to be reenacted again and again as a spending device. We hope the taxpayers will take notice of the loose manner in which their dollars are being handled by their Government.

JAPAN CONTROLS 60 PER CENT OF WORLD SEWING MACHINE MARKET: In round numbers there were four million sewing machines manufactured thruout the world last year. The Japanese made two and a half million of them. They sold 600,000 of them at home. They sold a million in the United States, Canada, and Puerto Rico. They sold 900,000 in the rest of the world.

There are several reasons why the Japanese have been able to capture 60 per cent of the world market. They are aggressive salesmen in a toughly competitive world. They are low-cost producers, with a \$60 to \$70 a month average wage for an 8-hour day and a 6-day week, as compared to our American 40-hour week and an average of better than \$70 per week wage.

Is it any wonder the American worker is being forced out of the world labor market?

THE FIRST HUNDRED DAYS: The House Republican Policy Committee has launched a series of critiques of the first hundred days of President Kennedy's New Frontier program. How can the United States ever balance its budget when in the first hundred days we find that housing spending for fiscal year 1962 is increased by \$214 million; welfare by \$215 million; education by \$500 million; labor by \$431 million; and agriculture by \$642 million -- all in one fiscal year?

THE WORLD IMAGE OF AMERICA TODAY:

The "Cuban - Tractor - Prisoner Deal" is the image of America as the world sees it today. How America has changed!

Once upon a time Charles Pinkney, an American patriot said, "Millions for defense; but not one cent for tribute." Andrew Jackson said, "If any man pulls down the American flag -- shoot him on the spot."

Teddy Roosevelt said to the Barbary rulers, "Perdicaris alive, or Raisuli dead."

John Fitzgerald Kennedy, Eleanor Roosevelt, Milton Eisenhower, and Walter Reuther now say, "Pay Communist Cuba the blackmail it demands."

How times do change!

Maple trees are now showing symptoms of attack by cottony maple scale. Heavily infested branches appear as if they were decorated with popcorn. This insect can be controlled by spraying with malathion. Use two teaspoons of the 50% concentrate per gallon of water, or for larger amounts of spray, use one quart of the 50% concentrate in 100 gallons of water.

DSMA and AMA are the two magic compounds for the homeowners tired of battling crabgrass. DSMA stands for disodium methol arsonate; AMA stands for amline methol arsonate. Several companies sell these compounds under a variety of trade names so check the label of ingredients when buying, and follow directions when using. Generally three applications one week apart are needed

for effective control.

Information similar to that given above is available to homeowners any time, day or night, by dialing Kellogg 2-4329. This number is listed in the telephone directory under "Homeowners' Hints" and will furnish timely information throughout the summer to assist gardeners and homeowners in maintaining attractive plantings.

The major 4-H Health activity Keeping-Fit Field Day, was held last week at Rich Township High school. Fifty-seven 4-H members in southern Cook county were weighed, measured, tested for strength and endurance, and given instructions in proper exercise and diet. The extension staff extends their thanks to the volunteer leaders who helped conduct the Keeping-Fit Field Day. Our thanks also to Rich Township High school for the use of their facilities.

Magician To Give Show For Benefit Of Cub Pack

To provide additional funds in the club treasury the Cub Scout Pack No. 41 of Schumhl school will sponsor a magic show to be given by "Bondu and Company" in the Lincoln-Way high school auditorium, Sunday afternoon, July 9 at 3 o'clock.

John Svtoris and Mrs. Edward Chladek in charge of ticket sales, states that the members of some 14 dens comprising the pack will hold an advance ticket sale. Admission will be \$1 for adults, 50¢ for children under 12 and 25¢ for all Scouts in uniforms.

The performers promise the show to be the finest of its kind and will run about two hours.

INFANT DIES

The infant son of Mr. and Mrs. Edwin M. Carley, 409 Illinois Highway, New Lenox, died Saturday (June 24) at Silver Cross hospital, a few hours after birth. Removal was to the Baskerville chapel on Lincoln highway and graveside services were conducted yesterday (Wednesday) in Elmhurst cemetery, Joliet, by the Rev. Gordon Rice, pastor of the New Lenox Church of the Nazarene.

New Lenox Youth Takes Special Physics Course

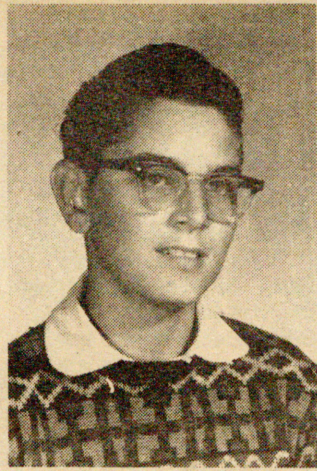

Larry Brolich, 17, of New Lenox, who will be a senior at Lincoln-Way high school in September, is one of 75 students in the country selected to participate in the National Science Foundation study program this summer in Michigan.

The "Honors Institute for Young Scientists" is to be conducted at the East Lansing (Mich.) high school, concluding with a week at the University of Michigan where they will live on the campus.

There are three fields of study open to the high school students chosen -- physics, mathematics and chemistry. Young Brolich is to devote his time to the study of advanced physics.

The institute opened Monday, June 19 and ends July 28. Class sessions will begin at 8:30 in the morning and run to 11. The afternoon sessions will be from 12 to 3 o'clock. Larry Brolich will stay at Corby hall on the university campus.

At Lincoln-Way Larry has been on the speech team and is also a member of the National

LARRY BROLICH
Thespians. Since he entered school he has competed in six science fairs and has won a first at each.

His activities as a student plus his school grades as well as his answers to the special tests given by the National Science Foundation were all factors in his final selection. His physics teacher at Lincoln-Way is William Avila. George Abraham is chairman of the school's science department.

Babe Ruths Of N. Lenox Win Again

The New Lenox Babe Ruth ballteam, directed by Ron Larsen of the Lincoln-Way high school athletic staff, won another Tri-County league game to keep on top of the standings with five wins and no defeats. The last victory was a 10 to 9 triumph over Monee.

The Monees had scored six runs in the sixth to haul within one tally of knotting the count. There is a league rule that restricts the use of a 15-year-old pitcher to one tour of mound duty a week. Larsen hadn't intended to use Wayne Fuchs in this game but when John Davis allowed a walk to the first man up in the seventh Fuchs was shifted from third base to the mound. He succeeded in getting the first batter he faced to hit into a double play and got the next man to tap to the mound for an easy out and the ballgame.

John Ford started for New Lenox and went four innings, giving up but one hit. Larsen wanted to try out some other hurlers and lifted Lord, Jeff Urban and Davis pitched well but some sloppy fielding got them in trouble. Urban was still going strong at the plate with two double in four times up.

READ II TIMOTHY 4:1 - 10
Demos hath forsaken me, having loving this present world. (II Timothy 4:10)

Writing from prison to the young man Timothy, Paul shows his disappointment and heart-break because Demas turned his back on the Christian faith, having loved this present world, world. Demos lost the trail and no longer followed Christ. The world presents many alluring faces which could have tempted Demas. Which ones lured him from the faith we shall never know. However, Paul warns Timothy against some of them - pride, covetousness, thanklessness, a lover of pleasure more than of God.

Have we been like Demas? Having once felt the glow of Christ's spirit, have we been mean, stingy, slow of compassion?

Having our names on the church roll is not enough. We need so to live that the world may know that the moving force in our lives is the spirit of Christ. May our living Lord not say sadly to us, "Alas, you have forsaken me, having loved this present world."

PRAYER: Our Father God, grant us the gift of constancy in faith. When tempted to seek ease and comfort, arouse us with a new baptism of Thy spirit. When lured by the enticements of this world, may we keep our gaze upon Christ lest we miss the trail leading to Thy kingdom. In our Savior's name. Amen.

THOUGHT FOR THE DAY

The church does its work through those in whom the spirit of Christ is the moving force. Charles B. Piper, Physician (Connecticut)

PRESENTS FLAG SETS

Ten flag sets -- on standards -- suitable for use on desks, were presented to the 10 Girl Scout troops of Mokena by the Amvets Auxiliary last Sunday night. The presentation was made by Mrs. Wilbur Schalk, senior vice president of the auxiliary, to Mrs. Arthur Olmstead, Girl Scout troop consultant, for Mokena. The U. S. flag in the set is the new, 50-star banner. The other flag is the Girl Scout flag. These sets will be used at meetings of the Girl Scouts.

ANNOUNCEMENT is being made by Mr. and Mrs. Walter Sayers, 511 Laurel avenue, Lockport concerning the betrothal and approaching marriage of their daughter Joanne Lee to James Robert Smithson.

Parents of the future bridegroom are Mr. and Mrs. William Smithson of 188 East Francis road, New Lenox.

The Rev. Harold Stevens, will read the two o'clock ceremony the afternoon of July 8 in the Ingalls Park Methodist church, Joliet.

Invitations are to be issued but all friends and relatives are invited to attend both the ceremony and reception which will be held in Saenger Hall, Tinley Park beginning at 6:30 p.m.

Bride-elect is a graduate of Lockport high school of the class of 1961. Mr. Smithson, a graduate of Joliet township high school, is employed with the Lincoln-Way Ornamental Works of Frankfort.

Tinley Park Hospital To Stage Boardwalk Event

A Boardwalk celebration will highlight the 4th of July weekend for the patients at Tinley Park State hospital. Saturday, July 1st, the Boardwalk will be open to patients and friends of the hospital from 10 until 4 on the patio of the semi-infirmary building. The Boardwalk will feature a drug store where sodas and other confections will be served by patients and employees acting as clerks. A department store will be set up where patients can shop for things of their choice. Each patient is given a card which is punched as he visits the shops. At the restaurant, all who desire can cook their own hot dogs and hamburgers over charcoal grills. At another booth items made by patients will be for sale to the public.

The Boardwalk will have a

festive air with street scenes painted on large cloth sheets separating the booths. The scenes were painted by patients and one woman patient wove yards of netting to make up the partitions.

Preparations for the Boardwalk were started in early spring. This Boardwalk is the first ever to be held at the hospital and is one of the year's major activities planned by the Activities Therapies Department under the direction of Mrs. Estella Benn, Supervising Therapist.

Games of skill, relay races, contests and other carnival type activities will be staged. In case of rain, the Boardwalk celebration will be held Monday, July 3rd.

Winds, Rain Sweep Area

Heavy winds and rain swept the area last Saturday (June 24) night. Wires and trees were blown down and some roofs were damaged.

A large tree was blown down at the Roy Kohl farm, east of Mokena and in falling it struck and demolished a windmill.

The Public Service and telephone companies had crews in the field within a matter of minutes and service that had been suspended by the storm was restored as soon as possible.

In the Palos area it was reported that some power was off for about four hours. In most instances, however, the lapse of service was but of short duration.

Shingles were reported blown off of two or three roofs in Arbury Hills. The storm passed pretty much on a line from Frankfort thru Orland and Palos. No injuries were reported.

New Pastor Takes Over At St. Jude In N. Lenox

The Rev. Louis Diethelm, O. F. M., formerly of Cleveland, O., where he was pastor of St. Jude's church has taken over as pastor of St. Jude's church, New Lenox. The Rev. Denis Hall, O. F. M., who served as head of St. Jude's in New Lenox for 12 years has taken over at St. Jude's in Cleveland.

Father Louis attended St. Joseph Seminary, near Westmont, Ill., from 1936 to 1943 and from 1943 to 1945 he studied philosophy at Our Lady of Angels Seminary in Cleveland.

He then attended St. Joseph Seminary near Teutopolis, Ill., for four years for theological studies.

Father Louis was ordained as a priest June 24, 1949, at St. Francis church, Teutopolis and completed his studies at Quincy college, Quincy, Ill., in 1950.

His first assignment was as an assistant pastor at St. Anthony church, St. Louis. He was there until 1956. He taught in St. Anthony high school and was in charge of athletics for the

grade as well as the high school. In 1952 and 1953 seven of his basketball teams won seven out of 10 possible city and diocesan championships. He also served as a parole officer for the 1st. Dist. in St. Louis. On the spiritual side he formed and conducted two senior and two junior Legion of Mary groups.

In 1957 Father Louis was given a year of quasi-rest and transferred to St. John Baptist church at Jordan, Minn., which was but a 20-minute ride from the home of his parents.

From 1957 to 1959 he was assistant at Our Lady of Angels church, Cleveland, where again he was in charge of all youth activities. While there he organized the junior and senior DePadian groups and also the "Athletics Associations" on parish and deanery levels.

In 1959 the Provincial Congregation of Sacred Heart Province appointed him pastor of St. Jude church at Cleveland and on June 13, this year, the same Provincial Congregation appointed him pastor of St. Jude church at New Lenox, succeeding Father Denis.

Under Father Denis the school at St. Jude was opened in 1950; a new church, rectory and convent built and the congregation during his 12 years as pastor grew from 465 to 1,709.

Bible Church Joins Radio Prayer League

The Rev. Gilbert Woodman, pastor of the New Lenox Bible church announces the expansion of their scope of activities by recently joining the national Radio Prayer League, an evangelistic movement for young people.

Dr. S. H. Patterson of San Francisco, Calif., president of the league, which has been in existence during the past 32 years, spent a few days last week with the pastor and board members of the church discussing the importance of the organization.

In 1930 Dr. Patterson fed some 40 underprivileged children free hot school lunches and in 1934 his project gained national recognition when Government aid was granted to support his efforts for schools thru out the United States.

At present a youth evangelistic camp is located on a 1160 acre site 60 miles north of St. Paul, Minn., and Dr. Patterson is now looking for a wooded area near a body of water suitable for a youth camp for this area.

CAR DAMAGED

Douglas L. Arnold of Route 1, Mokena, complained to Joliet city police early Monday morning that his car was struck and damaged by a hit-and-run driver, while it was parked on Parks avenue.

Mokena Some 240 Youths Attend Vacation Bible Schools

Some 240 children, ages from nursery thru junior high, attended the daily vacation bible school the past two weeks, held in the Immanuel Lutheran Methodist and St. John churches.

Last Friday evening a program was given by the pupils of the Immanuel Lutheran church to which their parents were invited to attend. Handicraft items, made during the bible school, were on display.

A party was given by the teachers and counselors at the close of the combined bible school of the Methodist and St. John churches for the students attending.

News of the birth of their first grandchild was received by the Rev. and Mrs. August Bueltmann last Thursday, June 22, when Mr. and Mrs. George Bueltmann of Naperville, became the parents of a baby boy born in an Aurora hospital. He weighed eight pounds, eight ounces and has been named Gregory August. Mr. Bueltmann is a teacher at the O'Neill high school in Downers Grove.

Word has been received recently of the enjoyable motor trip and arrival of the Andy Zink family at Anaheim, Calif. They are now residing in an apartment in the city and for their many friends in Mokena and surrounding areas who may wish to write to them their new address is 3411 Orange avenue, Apt. 13, Anaheim.

The past matrons and patrons of the Eastern Star canasta club of the south side of Chicago were guests of Mr. and Mrs. John Hubler, Sunday afternoon and evening, June 25. A potluck dinner was served at noon and the afternoon spent playing cards.

HOME BUREAU
The Frankfort-Mokena home bureau unit will meet in the home of Mrs. Lawrence Kohl, Thursday, July 6 at 7:30 p.m. "Accent your room with accessories" will be the title of the major lesson to be given by local leaders.

A nominating committee will be chosen to secure new officers for the coming year.

Miss Marilyn Sorensen, student nurse at Silver Cross hospital, is enjoying a month's vacation from her studies.

Mr. and Mrs. Erwin Manzke and family who have resided on Midland avenue will move July 10 to Normal, Ill., where they have recently built a new home. Mr. Manzke has been transferred to Bloomington by the insurance firm he is associated with, making the move a necessity.

Mrs. Wesley Sievert, 222 Front street, has enrolled in Olivet Nazarene college at Kankakee as a summer student and will major in elementary education.

Miss Barbara Taylor of Lincolnwood represented the Busy Hour 4-H club as a delegate at Illinois State 4-H club week at the University of Illinois, June 21-23. Miss Taylor is serving her fifth year in club work and is vice-president of the Busy

Hour club.

An incomplete list of volunteer workers of Mokena during the recent Will County cancer drive appeared in the paper recently. Following is the list of names of other workers: Mesdames, Corrine Horras, Ruth Horras, Olive Williams, Lucille Hostert, William Lenich, Robert Land and Miss Patricia Badten.

Dennis L. Graham, son of Mr. and Mrs. Charles A. Graham completed recruit training, June 10, at the Naval training center at Great Lakes.

Dr. and Mrs. Ernest McMahon moved into their newly completed home last week located on east second street.

Mr. and Mrs. W.A. Muehler, Mark and Diane returned Monday from a two weeks motor trip at Florida. While at Key West they went night fishing and son Mark landed a tarpon which measured 40 inches long and weighed 50 pounds. After the thrill of catching it, he released it.

Mr. and Mrs. Joseph Holesha

of Chicago have recently purchased the home of the James Smiths on Wolf road.

Weekend guests in the James Murphy home were Mr. and Mrs. Joseph Wagner of North Chicago and Mr. and Mrs. Joseph Wagner of North Chicago and Mr. and Mrs. Wilbur Gibson of Warsaw, Ill. Mrs. Gibson is the mother of Mr. Murphy.

Over 400 hereford breeders and visitors attended the second annual Illinois junior hereford association field day, Sunday, June 18, at the Robert Martin hereford farm, near Mason City.

Judging highlighted the morning activities and a feature of the afternoon was a feed-mixing demonstration.

People responsible for the excellent field day included D. W. Tomlin, advisor of Mason City and officers of the junior hereford association with Linda Matasovic, president of Mokena.

The John Marshall law school held its 89th commencement exercises Saturday evening, June 24 at the Museum of Science and Industry.

Dean Noble W. Lee presided over the ceremonies which were

preceded by a dinner for the graduates, their families and friends and the faculty. The school awarded the degree of bachelor of laws to Robert E. Floyd of 194th street. He attended Marquette university and the university of Kentucky. He was a member of Phi Alpha Delta fraternity and was employed by Acme Steel Co. while attending law school.

VFW AUXILIARY
In last week's issue the VFW Aux. news was listed under the heading of the Amvets Aux. which was incorrect.

Mrs. Glen Burkett and Mrs. Henry Noodwang, members of the VFW Aux., marched in a ten mile parade at the annual state department encampment of the VFW in Rockford recently. The parade lasted four and a half hours.

Others attending the affair were Mr. and Mrs. Walter Harder, Mr. and Mrs. Buford Homfeld and Glen Burkett.

From faithful correspondent Gretchen Robinson: "Our information files in Washington are in such band shape that even the Russian spies can't find what they're looking for."

50 Lap Race Will Feature Joliet Card

A 50 lap mid-season championship feature will highlight the midwest auto races Saturday night at Joliet Memorial Stadium. It will be an open competition event, allowing offenhausers, Falcons and Volvos, in addition to the stock Fords, to enter.

Johnny Riva of Des Plaines could be the driver to beat in the long-distance main event, on the basis of his victory in the last 50 lap feature Memorial Day.

Ray Elliott of Lockport may have something to say about that, however, Elliott was nosed out of the Memorial Day prize

by Riva, and will be seeking to even the score.

Mel Kenyon of Davenport, Iowa, two-time feature race winner this season, and Jigger Sirois of Shelby, Ind., and Tony Lenti of Markham, each with a single main event triumph, will be seeking to add to their laurels.

Among the other drivers in contention will be Jolietans Bill

Barnes, Aaron Willis and Bob Hauck; George Sellery of Elmhurst, Les Scott of North Hollywood, Calif., Warren Schelbe of Denver, Colo., and Garry Congdon, Kenosha, Wis. Time trials will start at 7:30 p.m. and the first race at 8:30 p.m. In addition to the 50 lap feature, Saturday's program will include four heat races, a handicap and a semifeature.

Spectators at the early evening tragedy. In background is Rock Island freight train, stopped to allow rescue work to proceed.

Sewer Worker Trapped In 35 Foot Excavation

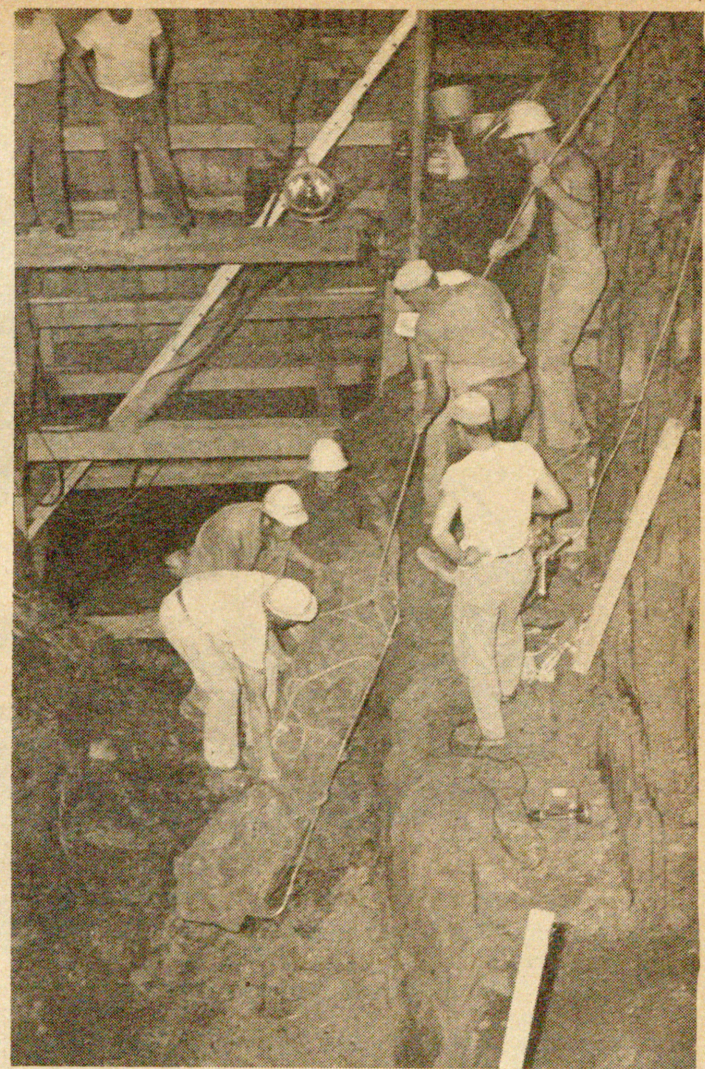

A 48-year old Negro, Johnny Ray of Benton Harbor, Mich., lost his life in Tinley Park on Tuesday night, despite efforts of heroic men who worked for five hours in a desperate attempt to free him from the bottom of an excavation where he was trapped.

Ray, an employee of George D. Hardin Company who are installing sanitary sewers in Tinley Park, was at the bottom of the excavation laying tile when the earth caved in and his leg was pinned against the side of the earth by a section of concrete tile.

Tinley Park's volunteer fire department, men of the civil defense unit, state and county workers worked from six p.m. when Johnnie was trapped until 11 p.m. when his body was removed from the pit.

The first cave-in was followed by another in which several men barely managed to escape.

Dr. Helmut Feldmann who stood by during the ordeal had morphine administered to Ray while he was trapped. The doctor pronounced him dead at 11 p.m. Ray suffered broken bones and his chest was crushed by the weight of the earth.

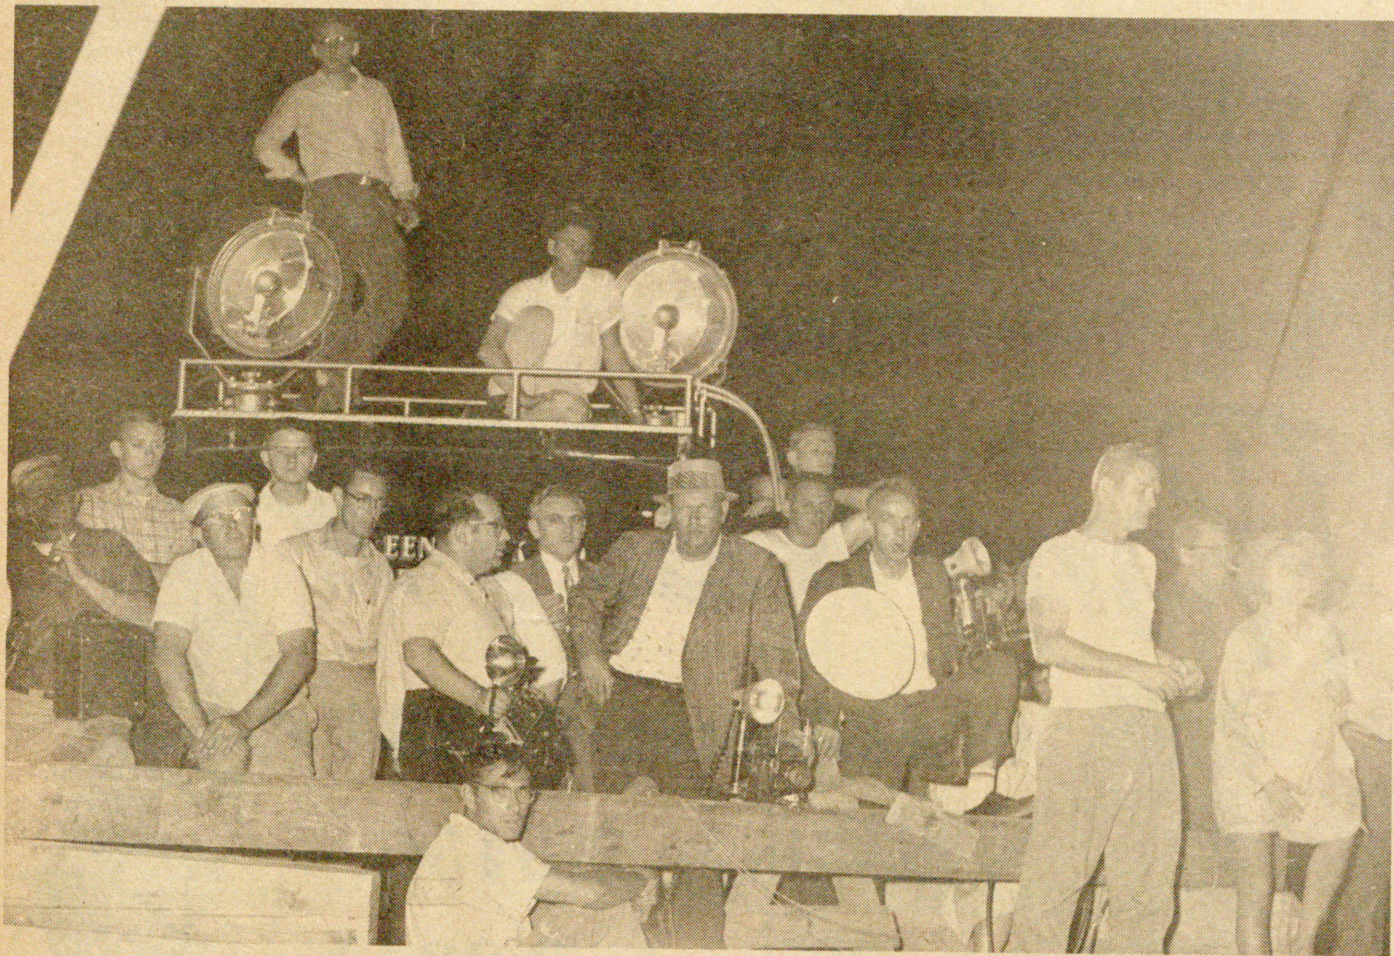

REMOVING THE BODY in a canvas bag after rescue operations.

ONE OF THE CONSTRUCTION workers giving information to Tinley Park Police about the cave-in.

SOME OF the estimated 2500 spectators at the scene of Tuesday night's tragedy.

EVERGREEN PARK FIRE DEPARTMENT'S light unit was called to furnish light to the rescue operation, which continued on late into the night.

RESCUE OPERATIONS being directed from the top of the excavation.

TIRED RESCUE WORKERS carried the body of the cave-in victim to a waiting ambulance after the tragedy climax.

HOT COFFEE AND sandwiches were provided by these women volunteers during the six-hour ordeal.

ASSESSMENT ROLL FOR
NEW LENOX TOWNSHIP

The following is a list of personal property assessments in full for the year 1961 and a list of real estate properties for which assessments have been added or changed since the last preceding assessment as made by the Township Assessor of Frankfort Township, Will County, Illinois, and as returned to and completed by Roy C. Doerflinger, County Treasurer, ex-officio Supervisor of Assessments.

The assessed values herein shown are subject to revision by the Board of Review and to equalization by the Illinois Department of Revenue. Section 146 of the Revenue Act of 1939, provides that the Department shall lower or raise the total assessed value of property in any county so that such property will be assessed at its full, fair cash value.

MRS. RICHARD WARREN BOZICK

Perlowski And Bozick Vows Spoken At San Diego, Calif.

The Rev. Gervase Toelle, teacher at Mount Carmel College, Niagara Falls, Canada, officiated at the wedding of his niece, Miss Karen Jeanne Perlowski when she became the bride of Richard Warren Bozick, Saturday, June 17, 1961 in St. Mary Magdalene church at San Diego, Calif.

The bride is the daughter of Mr. and Mrs. Roy Perlowski, formerly of Orland Park and now residing in San Diego. Mrs. Joseph P. Schutte of 10055 West 143rd street, Orland Park is an aunt of the bride.

Mrs. Bozick graduated from the University of San Diego college for women on May 28 of this year and is a member of Kappa Gamma Pi, national scholastic honor society.

On July 1 she will begin her new position of associate engineer with Convair Astronautics laboratory in San Diego, where she and her husband will reside.

It's estimated that South Dakota's Mt. Rushmore Memorial, featuring carvings of Washington, Jefferson, Lincoln, and Theodore Roosevelt, will exist for 100,000 years without appreciable change.

ASC News For Farmers

FEED GRAIN
ACREAGE CHECK
Farmers who are taking part in the 1961 feed grain program should be ready soon to have their acreage checked, according to Carl M. Bormet, chairman of Cook county agricultural stabilization and conservation committee.

The measurement of feed grain acreage in the county is under way. Employees of the county committee will be visiting farms that are participating in the feed grain program. During the visits the corn and designated diverted acreage will be measured, and the current use of the diverted acreage will be recorded.

WHEAT ALLOTMENT APPLICATIONS
The ASC county office is accepting wheat allotment applications for certain farms.

A producer who intends to seed wheat for 1962 on a farm for which a 1959, 1960, and 1961 allotment was not established irrespective of whether or not wheat was seeded for harvest as grain in those years, and who desires to be considered for an allotment must make application for an allotment according to Carl M. Bormet, chairman of the agricultural stabilization and conservation committee. Application forms are available in the ASC county office for use in filing a request for an allotment. The producer must apply in writing by June 30, 1961.

Mr. Bormet also stated there are still funds available for agricultural conservation practices. Those interested in a specific practice may contact the ASC office, Mr. Bormet said.

THE FLAMELESS ELECTRIC KITCHEN

WHEN YOU MODERNIZE YOUR KITCHEN, REMEMBER...

A flameless electric kitchen won't go out of date

Planning your kitchen remodeling is like planning your kitchen work for the next 20 or more years.

Naturally, you want to make sure that the money you invest and the appliances you select will pay you back with easier meal-making, pleasanter surroundings and a kitchen that's easier to clean and keep clean.

A flameless electric kitchen offers you all of these things and more.

Take the electric range, for example. This is the heart of every flameless electric kitchen. With it, you can cook your meals without overheating your kitchen (or yourself). The oven is insulated on all six sides, not just five. Hardly any heat escapes. The surface units transfer heat directly into pans and into foods—not into your kitchen.

And because electric ranges burn no fuel, no dirt is created. Your kitchen (and everything in it) stays clean twice as long.

Before you spend a penny on kitchen remodeling, get a professionally-prepared plan based on your specific needs and budget. An experienced kitchen specialist can show you how imaginative planning can save you steps and eliminate unnecessary bending and reaching. He can also help you work out color schemes and lighting effects and help solve storage problems.

For the names and addresses of kitchen modernization specialists in your area, call your nearest Public Service Company.

YOU'LL FIND JUST THE CAR YOU'VE GOT IN MIND AT YOUR CHEVY DEALER'S ONE-STOP SHOPPING CENTER

Thirty-one models to pick and choose from! Jet-smooth Chevrolets, fleet-footed Corvairs, the one-of-its-kind Corvette—just name your pleasure. Then stop in for a pleasant visit with your Chevrolet dealer. For full-sized fun, take a look at Chevy's budget-lovin' Biscaynes, ever-popular Bel Airs and always-elegant Impalas. (A tip for top-downers: The Impala Convertible is the liveliest, love-liest ever.) For king-sized wagon fans there are six happy-hauling, vacation-minded Chevrolet wagons. And, for a thrift-car treat, don't miss the nifty selection of easy-handling Corvairs—sedans, coupes, Monzas, and Lakewood and Greenbrier wagons. Take your pick—the easy way. Just one stop at your Chevrolet dealer's does it.

New Chevrolet IMPALA SPORT SEDAN

One of five delightful Impala models with just about everything anyone could want in a car. Here's top-of-the-line luxury—at a sensible Chevy price.

New Chevrolet BEL AIR 2-DOOR SEDAN

Like all Chevrolets, this family favorite brings you Body by Fisher craftsmanship... and it's priced just above the thriftiest full-sized Chevrolets.

CHEVY'S traditionally high resale means it costs less in the long run

Because these people-pleasing Chevies keep on bringing more trade-in money, it's almost like having your cake and eating it, too. One more reason for going Jet-smooth Chevrolet. Happy motoring. And many happy returns!

Based on prices in the National Automobile Dealers Association official USED CAR GUIDE, recent-model Chevrolets are now bringing a higher percentage of their original price than any other full-sized car in their field.

Methodists
Appoint
Area Pastors

Appointment of pastors for
the various Methodist churches
in the area were announced at
the close of the annual Rock
River conference held at Evan-
ston during the past week.

All pastors, with the excep-
tion of Orland Park, Green Gar-
den and Manhattan, will return
to their respective churches
for another year.

The Rev. Leon Leatherman,
formerly of the Midlothian
Methodist church, will serve
as the new pastor at Orland
Park. The Green Garden and
Manhattan churches are with-
out a pastor at present but will
be supplied a student pastor
when school begins in Septem-
ber. The Rev. Stanley Ballard
was the former pastor at Green
Garden and the Rev. Stephen
Levantis served the church at
Manhattan.

Those returning include the
Rev. Kenneth H. Crandall, Tin-
ley Park; the Rev. James A.
Parker, Frankfort; the Rev.
Robert H. King, Mokena and
the Rev. Alfred N. Hunter, New
Lenox.

Abraacadabra

Figure it for yourself. Take
your age, multiply by 2, add 5,
multiply by 50, subtract 365,
add the loose change in your
pocket under a dollar, then
add 115. The first two figures
in the answer are your age
and the last two are the change
in your pocket.

Street Signs
For Mokena

Street signs have been cho-
sen for Mokena.

The Lions club will buy
them, the village will erect
them but the signs themselves
were chosen by those who will
look at them the most - the
residents of Mokena.

The residents came into the
picture thru the Lions. The
Lions obtained samples of var-
ious types of street signs and
put them on display at the post
office. There was a box fixed
up to receive ballots and a sign
inviting the people to vote for
the sign of their choice.

The sign receiving the most
votes was a metal job, with a
white background, black bor-
der and beaded black letter-
ing.

Purchase of the signs is a
part of the program designed
to bring home delivery of mail
to Mokena. Before the post of-
fice department will agree to
that the village must have all
the streets named and each
lot assigned a house number.

To raise money to buy the
street signs the Lions plan to
sell house numbers and mail
boxes. With home delivery
every householder will have
to provide a means of receiv-
ing same. One may cut a slot
in his door or a wall of the
house thru which the postman
may stuff mail or one can put
up a mailbox. Most house-
holders prefer to use mail-
boxes, pointing out that cut-
ting a slot in a door or a wall
could become a big project and
an expensive one.

The village board has a com-
mittee working on the num-
bering program but has yet to come
up with a definite plan. Whether
the job will be done by a firm
that makes a business of pro-
viding such service or will be
done by some local group is a
question yet to be answered.

Jean Vollrath
Of B.I. Wins
Flag Contest

Miss Jean Vollrath of Blue
Island, 12 year old cousin of
Mayor of the village of Frank-
fort, George Sangmeister, has
been announced the winner of
a flag design and essay contest
sponsored by the VFW Post of
that city.

The flag, of the city of Blue
Island, was presented at the city
council meeting Monday evening
by Miss Vollrath and the mem-
bers of the Post.

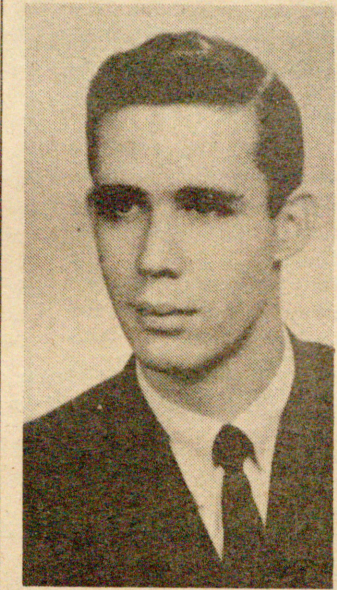

Following the fourth of July
parade she will be awarded a
\$100 savings bond as her prize
in winning the contest at a
ceremony to be held on the
athletic grounds of the Blue
Island high school at 7:00 p.m.

She is also the cousin of
Mrs. Clara Bennett and a niece
of Conrad Sangmeister both of
Frankfort.

Miss Vollrath resides with
her mother Mrs. Grace Voll-
rath at 12259 Maple street, Blue
Island.

Three Receive
Degrees At
Northwestern

When Northwestern univer-
sity at Evanston held their an-
nual commencement at McGaw
Memorial hall on Sunday, June
18 more than 500 graduates
received various degrees.
Those in this area graduating
were Dennis R. Wheeler of
Lincoln Estates - bachelor of
science in journalism; Ronald
R. Knakmuhs of Mokena and
Tommy E. McPherson of New
Lenox both receiving bachelor
of science in business admin-
istration.

DENNIS R. WHEELER

Gets Degree At
Northwestern

Dennis R. Wheeler, son of Mr.
and Mrs. R. E. Wheeler, 80th
ave., Lincoln Estates, received
his bachelor of science degree
from Northwestern university
at the institution's 103rd com-
mencement on June 18.

Wheeler, a graduate of Lin-
coln - Way high school, has
maintained a scholarship during
his four years of college. Also,
he has served as sports chair-
man, vice-president and pres-
ident of his dormitory, Ashbury
hall, and earned a place on the
Dean's high honor list at the
Medill School of Journalism at
Northwestern during his senior
year.

He majored in journalism ed-
ucation, and will be teaching
journalism and English at
Bremen high school in Septem-
ber.

While attending Lincoln-Way
Wheeler wrote sports for the
Semmler Press.

Manhattan Girl
Is Governor Of
Girls State

Sheryl Crabtree, 17, daughter
of Mrs. Odell Crabtree, of Man-
hattan, has been elected gov-
ernor of Illinois Girls State, now
holding its 21st annual session
on the campus at MacMurray
college, Jacksonville.

Miss Crabtree will be a senior
at Lincoln-Way high school in
September.

Girls State, which is spon-
sored by the American Legion
Auxiliary, is the feminine
counterpart of Boys State, which
is directed by the Legion. Both
give the young men and women
attending a practical lesson in
civics.

Officers are elected after
whirlwind campaigns, with the
state election laws being follow-
ed. They have a legislature and
they have city councils.

Boys State was originated in
Illinois by Hayes Kennedy, an
attorney who resides at Joliet
and is a member of Harwood
post there. Girls State was or-
ganized then by the auxiliary and
since then the idea has spread
to many states and there is also
a national Boys State and a na-
tional Girls State.

There are 500 delegates at
Girls State. Election of govern-
or is a much coveted honor,
since it is the highest office at-
tainable.

Observe 40th
Anniversary

Mr. and Mrs. Chester Gor-
ney, Sr., who reside on a farm
near Manhattan, celebrated
their 40th wedding anniversary
last Saturday (June 24).

A surprise party for the cou-
ple was given at the Green Gar-
den town hall with their son and
two daughters as the hosts.
Some 70 guests were present.
Since the 40th anniversary is
symbolized by the ruby a cor-
sage of red roses was present-
ed to Mrs. Gorney. The couple
received many gifts.

The Gorneys have resided in
the area for the past 33 years.
They lived at Mokena, Frank-
fort and for the past two years
near Manhattan. Mr. Gorney is
a retired bricklayer, Mrs. Gor-
ney is the former Clara Pinaw-
ski, of Chicago.

They were married at Chi-
cago, June 27, 1921. The son,
Chester Jr., resides in Green
Garden. The daughters are,
Mrs. Willis (Charlotte) Wollen-
zien, Mokena, and Mrs. Rich-

Park.

Teaching Of
Golf, Swimming
On Y Agenda

Instructed and recreational
swimming for youths and
instructed swimming and golf
for adults comprise the main
items on the program agenda of
the Palos-Orland YMCA.

There will be 3 bi-weekly
series of 8 lessons each of
instructed swim lessons which
will include bus transportation
to and from Carl Sandburg high
school pool beginning June 22nd
on Tuesday and Thursday af-
ternoons.

Women's instructed swim-
ming will also be on a bi-
weekly basis. . . Tuesday and
Thursday afternoons starting
July 25th at Carl Sandburg
high school pool.

Women's golf both a begin-
ners class and an intermediate
class will be held Mondays and
Fridays beginning July 12 at the
Palos Country Club, pro Tony
Blaser will serve as the
instructor for both classes.

Rotary Mower Hurls
Pliers Thru 2 Doors

Mrs. Paul Rauch, of 262 E.
Carpenter, Mokena, went shop-
ping last week. When she left
home everything was secure.
When she returned a short time
later she found the glass in the
front combination door was
shattered. Likewise the glass
in the house door. A large
ornamental bowl that had been
on a table was in pieces. On
the floor was part of a pair of
pliers. They appeared to have
been sheared.

Police Officer Paul Newton
investigated. Inquiry disclosed
that Gayle Schmidt, a teen aged
girl living at 77 Midland ave.,
diagonally across the street
from the Rauch residence, had

been cutting the grass. She was
using a rotary mower.

Miss Schmidt told Newton that
she recalled striking something
and the next moment "some-
thing" whizzed by her head, but
she didn't know what it was nor
where it landed. She did not
recall hearing the sound of glass
breaking but then a gasoline
driven mower makes so much
noise that about the only thing
an operator can hear when it is
running is another mower.

The whirling blade of the
Schmidt mower is credited with
shearing the pliers that had been
lying in the grass and hurling
a part of them across the street
and into the Rauch house, a dis-
tance of approximately 150 feet.

Farm Bureau For Payment
Of Personal Property Tax

Taxpayers reportedly organ-
izing to oppose the collection of
personal property taxes, should
make a sincere effort to inform
themselves before being goad-
ed into illegal failure to pay
their taxes, Herman Lindholm,
president of the Will county
farm bureau said in a state-
ment issued last week.

Lindholm, a Wheatland town-
ship farmer, said the best solu-
tion to tax problems in Illinois
requires an amendment to the
revenue article of the state con-
stitution. "Taxpayers need re-
lief," he said, "but not thur-
refusal to pay the legal and col-
lectable personal property tax."

Lindholm said that most far-
mers pay their taxes and cited
good collection records in rural
townships such as Wheatland,
Will, Green Garden and Wash-
ington. Leading opponents of
the current personal property
tax collection program are mo-
tivated by selfish hope of per-
sonal, or political gain rather
than genuine interest in the
community, Lindholm sug-
gested.

Another Farm Bureau of-
ficial, Gene Malone, secretary
of organization, said that con-
fused or misinformed taxpayers
are being convinced that the
personal property tax is illegal,
by people who know better.
"While there may be in-
stances of unfair assessment,
the law provides recourse for
tax payers for unfair assess-
ment thru appeal to the board
of review," Malone said.

Will county taxpayers are
fortunate to have a large amount
of industry to bear a large share
of the tax load, Malone pointed
out, adding that tax rates in
many counties are higher be-
cause of lack of industrial de-

velopment. The records show that most
industries in Will County pay
their taxes. Many of the unpaid
tax bills amount to less than
\$20 a year, and some are so
small that failure to pay seems
unbelievable. Yet loss to the
local government units through
tax delinquency has exceeded
\$500,000 for the past two years,
and it has been estimated that
there are several million dol-
lars in delinquent tax since
1953.

"There is no statute of limi-
tations on taxes," Malone said,
"once a debt, always a debt".
Tax delinquency is a serious
detritment to local government
system, Malone stated. This
does not mean we shouldn't have
economy in government, he ad-
ded and declared that people
worry a lot about driving indus-
try out of the state, without
stopping to think that by failure
to pay their small tax bills,
they are causing the industries
and the taxpayers who do pay, to
pay more.

CAPTURE MAN
WHO FLED FROM
COUNTY JAIL

A trusty at the Will county

was captured Friday thru the
combined efforts of state, coun-
ty and Lockport city police.

Returned to the lock-up was
Walter Weeks, 24, of Route 1,
Lockport and formerly of Tinley

A representative of the
state's attorney's office said
Weeks is subject to a one-year
sentence in the county jail.
Weeks was serving a short sen-
tence for taking a car without
the owner's permission.

Cook Co. Zoning Board O. K.s Business Section

(CNS) — Three south suburban rezoning petitions were approved and one petition was referred to the zoning board of appeals at a recent county board meeting.

An application of the Clark Oil and Refining corporation, Blue Island, was approved on reclassification of about two and one-half acres on the south side of 131st st., bounded by Kedzie and Brayton avs., in Worth township.

Clark asked that the area be rezoned from R-4 (single family residence — 10,000 square feet) district to the M-3 (heavy manufacturing) district.

Clark said the land will be used for a loading and storage rack incidental to the existing refining operation which includes an oil refinery and some 30 tanks used for storage of petroleum products. Off-street parking will be provided for vehicles used by personnel and visitors to the plant.

The board approved the application of the Palos Gardens Development company, 2156 W. 95th st., Chicago, for rezoning a one and one-quarter acre tract on the southeast corner of

127th st., and Ridgeland av., Worth township, from R-4 to B-4 (general service) district.

The company has indicated that it will construct a medical building, a retail grocery store and a drug store on the property.

The third petition passed by the board was submitted by the Chicago City Bank and Trust Company, as trustee, for 95th st., and Southwest highway, Worth township, from R-1 (single family residence 5 acres) district to B-4.

The bank said that it would construct an addition to the existing tavern and liquor store which serves food. The addition would serve as a carry-out store for chicken and shrimp complete dinners.

Referred to the zoning board of appeals was an application for a hearing for special use of about six acres on the west side of Bell rd., 1,350 feet north of 131st st., Lemont township. The application was presented by Peter Hamstengel, R.F.D., Orland Park.

The first electric refrigerator was introduced in 1913.

N. Lenox Ruths Add Two More Wins In League Play

The New Lenox Babe Ruths, under the direction of Ron Larsen, member of the Lincoln-Way high school coaching staff, have racked up two more wins in Tricounty League play, taking Grant Park, 11 to 6 and Stegar 11 to 3.

In the Grant Park game Jeff Urban, left fielder for the Lenox crew, had a perfect day at bat with four for four — a triple, two doubles and a single, John

Lord performed well in center, on one occasion cutting down a runner at the plate who tried to get home after a fly had been hit to center. Wayne Fuchs was the winning pitcher for New Lenox. He came in in the first inning with the bases loaded and struck out the Grant Park second baseman, Jim Fick to retire the side.

In the contest against Stegar darkness halted the game in the sixth inning, an inning by the way that saw the New Lenox lads score four runs.

John Davis, on the mound for the victors, struck out seven issued four walks and held Stegar to seven hits. Johnny was especially tough with men on base, five of his strikeouts came from fanning the last man up in as many innings.

A homer in the fifth by Davis when Stegar was leading 3 to 2 closed the gap and before the inning was finished New Lenox had scored four more runs to lead 7 to 3. Urban was again the team's leading batsman with three hits in five times at bat.

Summer Art Classes To Begin At Palos Center

The summer session of art classes will begin at the Community Center Foundation, Palos Park, the first week in July.

There will be four classes offered: one for children (ages six thru eleven), a class for teenagers, a landscape painting class, and a class in abstract painting.

The children's class will be held twice a week for six weeks, from 10:00 to 11:30 on Tuesday and Thursday mornings, beginning Thursday, July 6. The class for teenagers will start Wednesday, July 5, at 10:00 and will meet once a week for twelve weeks. This will be an art class, not a craft class.

The landscape painting class also held for twelve months, will meet for the first time on Monday, July 3. This class meets for the entire day from 10:00 to 3:00 with time out at noon for a sandwich. A new painting technique for outdoor painting will be offered this year, but the students are permitted to use any medium they choose. The beautiful grounds of the Community Center Foundation and the surrounding area offer a variety of painting subjects. This class is for the entire summer and can be attended as a series or for individual classes.
